

0.5 LITERS DOUBLE LEVEL COVER BUCKET round

Overview

This plastic bucket has a nominal capacity of 0.5L and a full capacity of 0.65L. With a diameter of 98mm and a height of 95mm, it is the perfect solution for a wide range of applications. Made from high-density polyethylene (HDPE), this pot is durable, resistant to impact, and built to last. It features a double-level cover for enhanced protection and secure closure. It is UN certified, making it suitable for industries that require compliance with stringent regulations, including the chemical industry, agriculture, farming, household products, and automotive sectors. The product includes both the pot and the double-level cover, offering a complete and reliable packaging solution.
